

# Ordinativi e colori

# Avvertenze importanti per la scelta dei colori

**Parte integrante di questo catalogo  
è il fascicolo "Conoscere la Graniglia"**

Consigliamo vivamente di consultarlo al fine di conoscere bene il prodotto, onde evitare errori di scelte, di progettazione ed esecuzione dei lavori.

- Non accostare colori uguali tra decoro e tinta unita per non evidenziare le tonalità diverse tra le due.
- Non accostare tappeti e tinte unite dello stesso colore; quando sussiste questa particolare esigenza usufruire delle tinte unite prodotte manualmente.
- Quanto al punto 1 e 2 va particolarmente preso in considerazione specie quando si scelgono decori senza bordino es. CA1, DS 3, DS 4, DS 5 ed altri.
- Apporre i codici corrispondenti ai colori desiderati nelle apposite linee.
- Sui casi che ricorrono barrare la casella dell'angolo desiderato (tronco o continuo).

**An integral part of this catalogue  
is the file "Knowing Terrazzo"**

We strongly recommend reading it in order to become better acquainted with the product and avoid selection and planning errors.

- Do not combine the same colors between decorated tiles and plain colors in order not to highlight the different shades between the two.
- Do not combine "tappeti" tiles and plain colors tiles of the same color; when this particular need exists, ask for "handmade plain color tiles".
- As for points 1 and 2, it should be particularly taken into consideration especially when choosing decorations without a border for example CA1 - DS 3 - DS 4 - DS 5 etc.
- Put the corresponding codes to the desired colors in the appropriate lines.
- On recurring cases, check the box of the desired corner (tronco or continuo).
